

Cafeteria Charge/Collection Policy

Bushland ISD offers healthy breakfast and lunch meals for each of our students, according to guidelines established by the National School Lunch Program.

Bushland ISD has a charge policy in place that applies to every student.

Students are allowed 2 charges

- After 2 charges a child will be offered a cheese sandwich with fruit or vegetable and the student's choice of milk.
- Charging of a la carte items will NOT be permitted.
- If there is a food allergy and we have a doctor's note on file, we will alter the meal to suit the child's needs.
- After 2 alternate meals the student will be required to contact the parent regarding the meal charges, as we will not be able to offer him/her more than 2 cheese sandwiches.
- When a student's account is depleted, the following collection process will be used:
 - The student is notified by the cashier at the end of the serving line;
 - Parent is notified by phone;
 - Parent is notified by mail.

We at Bushland feel that a good, healthy meal is important to a child's learning. We look forward to having all students eat in our cafeteria, and want it to be an enjoyable experience.
